

Industrial Maintenance Group, Inc.

Providing Industry Solutions

SECONDARY CONTAINMENT SPECIALIST

Industrial Maintenance Group, Inc. specializes in fuel storage containment systems within the petroleum storage fuel terminal industry. We are experts in assisting our clients with meeting all environmental compliance issues. We are currently in the process of introducing our newest product blend using an extremely durable XR-5 and Polyurea seaming system to create a fast and cost effective liner installable in the most extreme conditions.

Additional offerings include:

- *T.R.A.P.S.—Overfill Protection System
- *Dock Containment Systems
- *Rail Car Containment
- *Secondary Containment Liners
- *Pond Liners
- *Site Demolition
- *Fuel Storage Containment
- *Internal Pipeline Coatings
- *Leak Detection
- *Silo Rehabilitation
- *Pipeline Repair
- *Waterproofing
